Profile Summary

An enthusiastic Computer Science graduate with a strong foundation in IT concepts and problem-solving. A self-starter and quick learner with a passion for technology, adaptability to new environments, and eagerness to contribute to organizational growth. Goal-oriented, dynamic, and capable of working effectively both independently and as part of a team. Looking forward to starting an exciting and impactful career in the software industry.

Skills

Programming Languages : C, Python, Java Basics
Web Technologies : HTML, CSS, JavaScript, React
Cloud Platform : Azure
Packages : MS Office
Other Skills : Communication Skills

PROJECTS

Sales Data Analysis Dashboard

- Developed a Sales Performance Analysis Dashboard using Python, leveraging Pandas, NumPy, and Matplotlib for data cleaning, processing, and visualization of large datasets.
- Performed sales trend analysis, customer behavior analysis, and revenue forecasting to identify key business insights such as top-performing products, regional sales patterns, and growth opportunities.
- Created analytical reports and visual dashboards to present actionable insights, improving decision-making efficiency while strengthening practical expertise in data analytics, business intelligence, and problem-solving.

Virtual Herbal Garden

- Developed a Virtual Herbal Garden, an interactive digital platform designed to provide detailed information about medicinal plants, enhancing awareness and understanding of traditional herbal knowledge.
- Integrated virtual tours and user-friendly features to enable immersive exploration, learning, and engagement with the medicinal properties, uses, and significance of various plants.
- Combined modern technology with traditional AYUSH knowledge to create an accessible educational solution that promotes wider understanding of herbal medicine and cultural wellness practices.

EXPERIENCE

Microsoft Azure – Intern

May 2025 – July 2025

- Gained practical experience in Microsoft Azure cloud technologies at Tencon Infra Pvt. Ltd., with hands-on exposure to real-time cloud infrastructure and deployment processes.

- Worked extensively with core Azure services, including Virtual Machines, Storage Accounts, and Networking, building strong skills in resource deployment, management, and monitoring.
- Developed solid technical proficiency in cloud infrastructure, problem-solving, and Azure resource optimization through live project involvement in a professional environment.

Data Analytics using python – Intern

Dec 2025 – Mar 2026

- Gained practical experience in Python-based data analytics through an internship at Adhoc Networks working with tools such as Pandas, NumPy, and Matplotlib for data processing and analysis.
- Developed hands-on skills in data cleaning, visualization, and interpreting datasets to generate meaningful insights that support effective decision-making.
- Enhanced technical proficiency and real-time project exposure by applying Python analytics techniques in a professional environment, strengthening problem-solving and data-driven analytical abilities

CERTIFICATION / ACHIEVEMENTS

- Certified in English Communication – Mepro Pearson
- Essentials of GenAI – DigiSaksham
- Python Essentials – Cisco
- Advanced Web Technology – Hackathon
- Artificial Intelligence Fundamentals – IBM
- Programming Essentials in C– Cisco

EDUCATION

B.Sc. Computer Science — Aditya Degree College, Gajuwaka | 2026 | 86%

Intermediate (MPC) — Chaitanya Junior College for Girls | 2023 | 67.3%

SSC — Kanithi High School | 2021 | GPA: 8.0/10

STRENGTHS

- Friendly Nature
- Quick Learner
- Honesty
- Adaptability
- People Management
